

Do you have a Dog?

Dog License and Rabies Shot (Vaccination)

Every dog over 4 months old must have a license.

Every dog over 4 months old must have a rabies shot.

A rabies shot is required **before** you can apply for the dog license.

How to get a License for your Dog:

1. Your dog must first get a rabies shot. This shot protects against rabies disease.

- Rabies shots can only be given by a veterinarian or at a pet hospital / clinic.
- Keep a copy of the shot certificate that is given to you.

2. Dog license application forms can be found at many locations.

- Call 559-600-3357 for a list of locations or at the web site listed below.
- \$4 each year if your dog has a **spay or neuter** certificate from your veterinarian.
- \$39 each year for dogs **NOT** spayed or neutered.
- Avoid a \$10 late fee — get your dog's license on time each year.

Dog Breeding and Puppies

A female dog is allowed to have only one litter of puppies per year.

Puppies must be at least 2 months old before they can be sold or given away.

Dog license number must appear in all "for sale" or "give-away" ads.

When a Dog Changes Owners

The Department of Public Health — Environmental Health Division must be notified every time a dog is sold or purchased, given away or adopted.

Fresno County Leash Law

All dogs must be on a leash in Fresno County or under immediate control of a responsible person, if they are off the owner's property. To report a loose dog, call the Fresno Humane Animal Services at 559-600-PETS (7387).

Here are the Rules for Dog Owners in Fresno County
